General Guideline for Purchasing Alcohol

Beer/Wine Bar: On average, 55% of the Guests drink Beer and 35% of the Guests drink Wine.

Purchase 1 beer per person, per hour, and 1 glass of wine per person per hour. A 750ml bottle of wine serves 5 glasses. (Example: Total Guest Count 100/4 Hours of Bar Service – 55 x 4 = 220 Beers. 35 x 4 = 140 Glasses of Wine Divided by 5 Glasses per Bottle – 28 Bottles of Wine)

We suggest 2 to 3 kinds of beer

We suggest 2 kinds of wine: red and white

Beer/Wine/Alcohol Bar: On average, 45% of the Guests will drink Alcohol, 30% of the Guests will drink Beer, and 25% of the Guests will drink Wine. 1 Beer/Wine per person, per hour.

Alcohol to Purchase (Based on 100 Guests) – Purchase All Alcohol in 750ml Bottles

3 Bottles of Vodka

2 Bottles of Whiskey/Bourbon

2 Bottles of Rum

1 Bottle of Gin

3 Bottles of Tequila

We suggest 2 to 3 kinds of beer

We suggest 2 kinds of wine: red and white

Bring all alcohol to the Venue at room temperature. We flash-chill the beer and wine. At the end of the event, leftover Beer/Wine/Alcohol will be repackaged in the original cases.

Second and third Bars are at the same rates as above.

Weddings: for a separate Social Hour Bar (1 Hour of Service) – Add \$75 to the above bar service packages. The reception bar will have a 4 hour minimum.

Our Bartenders have the right to card (ID) guests and to refuse service to a guest(s).

Per event Captain's descension, Simply Catering has the right to close the bar before scheduled end time, for the safety of the staff, and or guests. There is no refund if the bar is closed earlier than scheduled time.

Georgia Law:

Georgia does not require a state issued bartending license for bartenders; however, some cities (Savannah, Macon, and Duluth) require one. Check with the local city to see if a bartender's license is required. Georgia **DOES** require a business who is serving alcohol to have Alcohol Insurance.
